Narrative:

On January 07, 2020, at approximately 1647 hours, I responded to an animal complaint. The complainant reported a brown boxer running at large in his yard.

While searching the area for the dog I made contact with a gentleman that stated he was the dogs owner and was looking for him. I located the dog in the complainants yard and as I whistled for him I could hear his owner calling for him. The dog ran in the direction of the owner and I was unable to locate the dog again.

Action taken:

I unsuccessfully attempted to locate the owner to get his information for my report. The complainant called in later to give me what he believed to be the owners address. I did not find the address provided to be an existing home address. No further action taken.
